## Homework and Remote Learning for OBA Students –

To ensure an effective learning provision for all our students, all homework tasks will be placed on Google Classrooms in the future. As a result, students will be able to access the homework – worksheet, video clips, independent research tasks, links to other platforms, e.g. Tassomi/Seneca/Complete Maths - at any point, together with any relevant support resources. If a homework task is worksheet based, classroom teachers will distribute the sheet at the end of the session in school. Homework responses can be submitted on paper or via Google Classrooms in line with the deadline set by the classroom teacher.

All OBA students have log in details for Google Classrooms and used this platform during Summer Term 2020 lockdown. If they need to refresh their memory on how to access the work, please use the link below to access a short video tutorial. This, along with other guidance material, can be found on the 'remote learning' tab of the academy website.

[https://drive.google.com/file/d/1iW66SV-PRZVrpOMRNozI3LYQ\\_LhuyPZb/view?usp=sharing](https://drive.google.com/file/d/1iW66SV-PRZVrpOMRNozI3LYQ_LhuyPZb/view?usp=sharing)

Once students have logged into Google Classrooms, they will input the unique code for their class to access the work set by their classroom teachers. The codes are listed in the attached sheet in alphabetical order by subject.

Further to our homework provision, Google Classrooms will also be used to provide work for students who are not in school for a longer period of time, including self-isolation.

The work for all subjects will be organised into Google Classroom classes. The classes have been set up appropriately for the 2020-21 academic year and the old classes used during lockdown have been archived. All work set will be a continuation of the content taught in September and will go in line with the right curriculum for the relevant Key Stage and qualification – it is paramount, therefore, that students complete the work set and do not fall behind.

During longer periods of not attending lessons, including self-isolation, it is vital that the students regularly check their emails as the main means of communication with the school and log into Google Classroom. To log into email, students need to go to [www.office.com](http://www.office.com) and sign in using their school email address and password. This will ensure that their progress is not hindered as they can complete the work in line with the curriculum plans.

Student email addresses are [surnameforename@ob-ac.co.uk](mailto:surnameforename@ob-ac.co.uk) e.g. [bloggsjoe@ob-ac.co.uk](mailto:bloggsjoe@ob-ac.co.uk).

For issues regarding passwords for either school accounts or Google Classroom, please email [passwords@ob-ac.co.uk](mailto:passwords@ob-ac.co.uk) to seek assistance.

If any students have got questions about the work set, they should contact their classroom teachers either via Google Classrooms or email.

If any students have got pastoral concerns that they cannot communicate whilst on the school premises, they should contact their Form Tutors or Head of Year either via email or Google Classrooms.

Yours sincerely  
Mrs M. Maloszyc  
**Vice Principal**
