E-Safety Policy

Originator	Authorised by	Date Adopted	Last Review	Next Review
OAT/OBA	Board of Governors	23.11.17 (pending)	25.09.17	01.09.18

OBA Policy Version Control

Policy prepared by	OAT Mandatory Policy
Responsible committee	Policy Sub Committee
Date approved by committee	To be approved at PSC meeting on 23.11.17
Date ratified by LGB (if required)	To be ratified at GB meeting on 07.12.17
Description of changes from the model policy (if any)	Added a paragraph re. Inappropriate Websites and Web Watch on pages 6 and 7.

OAT Policy Version Control

Policy type	Mandatory
Policy prepared by (name and department)	Sarah Bloomer – Safeguarding and Compliance Coordinator
Review date	New Policy
Description of changes	New Policy
Name and date of line manager’s approval	Jason Howard
Date of executive approval	Jason Howard– Executive
Date released	July 2017
Next review date	Annual

Statement of intent

At Ormiston Bolingbroke Academy we understand that computer technology is an essential resource for supporting teaching and learning. The internet, and other digital and information technologies, open up opportunities for pupils and play an important role in their everyday lives.

Whilst the school recognises the importance of promoting the use of computer technology throughout the curriculum, we also understand the need for safe internet access and appropriate use.

Our school has created this policy with the aim of ensuring appropriate and safe use of the internet and other digital technology devices by all pupils and staff.

The school is committed to providing a safe learning and teaching environment for all pupils and staff, and has implemented important controls to prevent any harmful risks.

To be read alongside:

The Acceptable User Agreement

Social Media Policy

Personal Mobile Devices Policy

Child Protection and Safeguarding Policy

Anti-Bullying Policy

Prevent Policy

Use of the Internet

The school understands that using the internet is important when raising educational standards, promoting pupil achievement and enhancing teaching and learning. (KCSIE 2016)

Internet use is embedded in the statutory curriculum and is therefore an entitlement for all pupils, though there are a number of controls the school is required to implement to minimise harmful risks.

When accessing the internet, individuals are especially vulnerable to a number of risks which may be physically and emotionally harmful, including:

- Access to illegal, harmful or inappropriate images
- Cyber bullying
- Access to, or loss of, personal information
- Access to unsuitable online videos or games
- Loss of personal images
- Inappropriate communication with others
- Illegal downloading of files
- Exposure to explicit or harmful content, e.g. involving radicalisation
- Plagiarism and copyright infringement
- Sharing the personal information of others without the individual's consent or knowledge

Roles and Responsibilities

It is the responsibility of all staff to be alert to possible harm to pupils or staff due to inappropriate internet access or use, both inside and outside of the school, and to deal with incidents of such as a priority.

The governing body is responsible for ensuring that there are appropriate filtering and monitoring systems in place to safeguard pupils. This will be achieved via the GB and OATs ICT Compliance Audit.

The E-Safety Officer, Mr S Easton, is responsible for ensuring the day-to-day e-safety in the school, and managing any issues that may arise.

The Principal is responsible for ensuring that the E-Safety Officer and any other relevant staff receive CPD to allow them to fulfil their role and train other members of staff.

The E-Safety Officer will provide relevant training and advice for members of staff as part of the requirement for staff to undergo regularly updated safeguarding training and be able to teach pupils about online safety.

The Principal will ensure there is a system in place which monitors and supports the E-Safety Officer, whose role is to carry out the monitoring of e-safety in the school, keeping in mind data protection requirements.

The E-Safety Officer will regularly monitor the provision of e-safety in the school and will provide feedback to the Principal.

The E-Safety Officer will oversee a log of submitted e-safety reports and incidents.

The Designated Safeguarding Officer will establish a procedure for reporting incidents and inappropriate internet use, either by pupils or staff.

The E-Safety Officer will ensure that all relevant members of staff are aware of the procedure when reporting e-safety incidents, and will keep a log of all incidents recorded.

The Principal may monitor staff use of social media, where possible, and will justify all instances of monitoring to ensure that it is necessary and outweighs the need for privacy. The member of staff who is being monitored will be consulted prior to any interception by the school.

Cyber bullying incidents will be reported in accordance with the school's Anti-Bullying Policy.

The governing body will receive a termly report from the E-Safety Officer. The report will consider the effectiveness of the e-safety provision, current issues, and to review incident logs (as part of the school's duty of care). There will be an annual presentation to governors by the E-Safety Officer.

The governing body will review the policy annually to evaluate the policy in conjunction with this presentation.

Teachers are responsible for ensuring that e-safety issues are embedded in the curriculum and safe internet access is promoted at all times.

All staff are responsible for ensuring they are up-to-date with current e-safety issues, and this E-Safety Policy.

All staff and pupils will ensure they understand and adhere to our Acceptable Use Agreement, which they must sign and return to the E-Safety Officer.

Parents are responsible for ensuring their child understands how to use computer technology and other digital devices appropriately. The academy will support parents by sharing information and links through weekly newsletters, websites and social media channels.

The E-Safety Officer is responsible for communicating with parents regularly and updating them on current e-safety issues and control measures, ensuring that all pupils are aware of their responsibilities regarding the use of school-based ICT systems and equipment, including their expected behaviour.

E-Safety Education

Educating pupils:

- An e-safety programme will be established and delivered to pupils in an age-appropriate manner so that all develop an awareness of how to use the internet safely both inside and outside of the academy.
- Pupils will be taught about the importance of e-safety and are encouraged to be critically aware of the content they access online, including extremist material and the validity of website content.
- Pupils will be taught to acknowledge information they access online, in order to avoid copyright infringement and/or plagiarism.
- Clear guidance on the rules of internet use will be presented in all classrooms/when pupils log on/in pupil planners.
- Pupils will be made aware as to how to report any inappropriate use of the internet and digital devices, and be told that it is their responsibility to do so. The academy will establish and publicise a mechanism by which pupils can make anonymise reports should they find this necessary.'
- The taught curriculum will be used to educate pupils about cyber bullying, including how to report cyber bullying, the social effects of spending too much time online and where to access help.
- The academy will hold such e-safety events as are necessary and appropriate in order to promote online safety effectively, such as Safer Internet Day and Anti Bullying Week,

Educating staff:

- A planned calendar programme of e-safety training opportunities is available to all staff members, including whole school activities and CPD training courses.
- All staff will undergo e-safety training on a termly/annually/when changes occur basis to ensure they are aware of current e-safety issues and any changes to the provision of e-safety, as well as current developments in social media and the internet as a whole.
- All staff will employ methods of good practice and act as role models for pupils when using the internet and other digital devices.
- All staff will be educated on which sites are deemed appropriate and inappropriate.
- All staff are reminded of the importance of acknowledging information they access online, in order to avoid copyright infringement and/or plagiarism.
- Any new staff are required to undergo e-safety training as part of their induction programme, ensuring they fully understand this E-Safety Policy/Social Media Policy/User Agreement.
- The E-Safety Officer will act as the first point of contact for staff requiring e-safety advice.

Educating parents:

- E-safety information will be directly delivered to parents through a variety of formats, including newsletters, the school website and social media.
- Parents' evenings, meetings and other similar occasions will be utilised to inform parents of any e-safety related concerns.

E-Safety Control Measures

Internet access:

- Internet access will be authorised once parents and pupils have returned the signed consent form in line with our Acceptable Use Agreement.
- A record will be kept by the Network Manager of all pupils who have been granted internet access.
- All users in key stage 2 and above will be provided with usernames and passwords, and are advised to keep these confidential to avoid any other pupils using their login details.
- Pupils' passwords will be changed on a regular basis and their activity is continuously monitored by the Network Manager.
- Management systems will be in place to allow teachers and members of staff to control workstations and monitor pupils' activity.
- Effective filtering systems will be established to eradicate any potential risks to pupils through access to, or trying to access, certain websites which are harmful or use inappropriate material.
- Filtering systems will be used which are relevant to pupils' age ranges, their frequency of use of ICT systems, and the proportionality of costs compared to risks.
- The governing body will ensure that use of appropriate filters and monitoring systems does not lead to 'over blocking', such that there are unreasonable restrictions as to what pupils can be taught with regards to online teaching and safeguarding.
- Any requests by staff for websites to be added or removed from the filtering list must be first authorised by the Principal via the form in Appendix A
- All school systems will be protected by up-to-date anti-virus software.
- An agreed procedure will be in place for the provision of temporary users, e.g. volunteers.
- Master users' passwords will be available to the Principal for monitoring of activity.
- Staff are able to use the internet for personal use during out-of-school hours, as well as break and lunch times but should remain mindful of the acceptable use policy when doing so.
- Personal use will only be monitored by the Network Manager and Principal for access to any inappropriate or explicit sites, where it is justifiable to be necessary and in doing so, would outweigh the need for privacy.
- Inappropriate internet access by staff may result in the staff member being permitted to use the internet for school purposes only, and prohibited from using any personal devices. This will be dealt with following the process outlined in the Staff Disciplinary Policy.

Inappropriate websites:

Sites which give access to the following types of material are not allowed:-

- Drugs and substance abuse (educational sites are allowed)
- Pornography and age restricted sites
- Intolerant behavior
- Proxy by pass
- Violence
- Social networking
- Web based chat
- Web based mail (pupils only)
- Non educational games
- Mobile phone ringtones
- Executable downloads
- MP3 downloads

A filtering service provided by Sophos prevents access to each type of content listed above.

Internet access is closely monitored by the Network Manager, who also maintains in-house filter lists. The filter list has been designed to reflect educational objectives and has been approved by the Principal.

If an inappropriate website is found accidentally it should be reported to the Network Manager.

Web Watch:

The academy operates the Impero web monitoring software. Impero has a series of keyword libraries and provides a pop up alert if inappropriate material is searched or accessed. This is monitored daily by the ICT Technician Team who refer issues directly to the relevant Year Leader. The Year Leader investigates and refers to the DSL if the issue is a safeguarding concern.

Email:

- The use of personal email accounts to send and receive personal data or information is prohibited.
- No sensitive personal data shall be sent to any other pupils, staff or third parties via works email.
- Pupils are made aware that all email messages are monitored and that the filtering system will detect inappropriate links, viruses, malware and profanity.
- Staff members are aware that their email messages maybe monitored. Only the Principal has authority to do so. In the case of the Principal, only the Chair of Governors is authorised to do so.
- Any emails sent by pupils to external organisations from a school account will be overseen by their class teacher and must be authorised before sending.
- Chain letters, spam and all other emails from unknown sources will be deleted without opening.

Social Networking

- Use of social media on behalf of the school will be conducted following the processes outlined in our Staff Code of Conduct and Social Media Policy.
- Access to social networking sites will be filtered as appropriate.
- Should access be needed to social networking sites for any reason, this will be monitored and controlled by staff at all times and must be first authorised by the Principal.
- Pupils are regularly educated on the implications of posting personal data online outside of the school.
- Staff are regularly educated on posting inappropriate photos or information online, which may potentially affect their position and the school as a whole.
- Staff are not permitted to communicate with pupils over social networking sites and are reminded to alter their privacy settings.
- Staff are not permitted to publish comments about the school which may reasonably be expected to occasion reputational damage.
- Staff are not permitted to access social media sites during teaching hours unless it is justified to be beneficial to the material being taught. This will be discussed with the Principal prior to accessing the social media site.

Published Content on the Academy Website

- The Principal and the Senior Leadership Team will be responsible for the overall content of the website, and will ensure the content is appropriate and accurate.
- Contact details on the school website will include the phone number, email and address of the school – no personal details of staff or pupils will be published.
- Images and full names of pupils, or any content that may easily identify a pupil, will be selected carefully, and will not be posted until authorisation from parents has been received.
- Pupils are not permitted to take or publish photos of others without permission from the individual.
- Staff are able to take pictures, though they must do so in accordance with school policies in terms of the sharing and distribution of such. Staff will not take pictures using their personal equipment.

- Any member of staff that is representing the school online, e.g. through blogging or social media must express neutral opinions and not disclose any confidential information regarding the school, or any information that might cause reputational damage to the academy or any persons associated with it.

Mobile Devices and Hand-held Computers

- The Principal may authorise the use of mobile devices by a pupil where it is seen to be for safety or precautionary use.
- Pupils are not permitted to access the school's Wi-Fi system at any times using their mobile devices and hand-held computers.
- Personal mobile devices are not permitted to be used during school hours by pupils or members of staff.
- Staff may use their personal mobile device at break and lunch but not in a public area, unless there is a health, safety or well-being reason to do so. Sixth form students may use mobiles in the common room, dining centre and café.
- Staff are permitted to use hand-held computers which have been provided by the school for the purposes of pedagogy, though internet access will be monitored for any inappropriate use by the Network Manager when using these on the school premises.
- The sending of inappropriate messages or images from mobile devices is prohibited.
- Mobile devices will not be used to take images or videos of pupils or staff unless instructed by the Principal.
- The school will be especially alert to instances of cyber bullying and will treat such instances as a matter of high priority.

Network Security

- Network profiles for each pupil and staff member are created, in which the individual must enter a username and personal password when accessing the ICT systems within the school.
- Passwords have a minimum and maximum length, to prevent 'easy' passwords or mistakes when creating passwords.
- Passwords should be stored using non-reversible encryption.

Cyber Bullying

- For the purpose of this policy, cyber bullying is a form of bullying whereby an individual is the victim of harmful or offensive posting of information or images online.
- The school recognises that both staff and pupils may experience cyber bullying and will commit to preventing any instances that should occur.
- The school will regularly educate staff, pupils and parents on the importance of staying safe online, as well as being considerate to what they post online.
- Pupils will be educated about online safety through teaching and learning opportunities as part of a broad and balanced curriculum. Appendix A demonstrates curriculum coverage at OBA
- The school will commit to creating a learning and teaching environment which is free from harassment and bullying, ensuring the happiness of all members of staff and pupils.
- The school has zero tolerance for cyber bullying, and any incidents will be treated with the upmost seriousness and will be dealt with in accordance with our Anti-Bullying Policy.
- The Principal or Designated Safeguarding Lead will decide whether it is appropriate to notify the police or anti-social behaviour coordinator in their LA of the action taken against a pupil.

Reporting Misuse

- Ormiston Bolingbroke Academy will clearly define what is classed as inappropriate behaviour in the Acceptable Use Agreement, ensuring all pupils and staff members are aware of what behaviour is expected of them.
- Inappropriate activities are discussed and the reasoning behind prohibiting activities due to e-safety are explained to pupils as part of the curriculum in order to promote responsible internet use.

Misuse by pupils:

- Teachers have the power to discipline pupils who engage in misbehaviour with regards to internet use.
- Any instances of misuse should be immediately reported to a member of staff, who will then report this to the relevant member of SLT responsible for behaviour. If the report or concern falls under a safeguarding concern then it should be reported immediately to the Designated Safeguarding Lead or the Deputy Designated Safeguarding Person following safeguarding procedures.
- Pupils who do not adhere to the AUP will be dealt with according to the academy's behaviour policy'
- Members of staff may decide to issue other forms of disciplinary action to a pupil upon the misuse of the internet. This will be discussed with the relevant member of SLT responsible for behaviour.
- Complaints of a child protection nature, such as when a pupil is found to be accessing extremist material, shall be dealt with in accordance with our Child Protection and Safeguarding Policy and our Prevent Policy.

Misuse by staff:

- Any misuse of the internet by a member of staff should be immediately reported to the Principal. If the concern relates to the Principal, the Chair of Governors should be contacted.
- The Principal (Chair of Governors if relating to Principal) will deal with such incidents in accordance with the Allegations of Abuse Against Staff Policy, and may decide to take disciplinary action against the member of staff.
- The Principal (or Chair of Governors if relating to Principal) will decide whether it is appropriate to notify the police or anti-social behaviour coordinator in their LA of the action taken against a member of staff.

Use of illegal material:

- In the event that illegal material is found on the school's network, or evidence suggest that illegal material has been accessed, the police will be contacted.
- Incidents will be immediately reported to the Internet Watch Foundation and the police will be contacted if the illegal material is, or is suspected to be, a child sexual abuse image hosted anywhere in the world, a non-photographic child sexual abuse image hosted in the UK, or criminally obscene adult content hosted in the UK.
- If a child protection incident is suspected, the school's child protection procedure will be followed – the DSL and Principal will be informed and the police contacted.

The scheduled review date for this policy is: September 2018
